4. What project was headed by Lawrence Halprin?

5. Can you find the highest point in Lovejoy Plaza? What can you see from this point?

## FASCINATING FACT

Lovejoy Plaza still exists thanks to the protection of the Halprin Landscape Conservancy which was created in 2001 to protect several fountains around Portland.

6. The Portland Open Space Sequence is meant to connect with nature. If you were to design a park that connects with your city's nature what would it look like? Draw a picture of your park below.
